Activity	Permission	Activity	Permission
Orders	<input type="checkbox"/>	Access Bill Pay	<input checked="" type="checkbox"/>
Place Orders	<input checked="" type="checkbox"/>	Balance	<input checked="" type="checkbox"/>
Pricing	<input type="checkbox"/>		

UPDATE USER

USER STATUSES

Admin

New	New users have purchasing permissions upon account registration. Once their account is reviewed by their company's admin, their status changes to user.
User	Users have assorted permission levels depending on their needs. Their permissions are set up by their company's admin(s).
Admin	The first person to register with a company is the admin. Admin get an email every time a user from their company registers on stoneway.com. If there is more than one admin, they will both get an email notification. In Manage Users, the admin(s) can see a list of every user tied to their company and click on the “Edit” icon to customize user permissions, add another admin, or delete a user.

If your company needs to be set up with the Manage Users feature or you need to change your company's admin, please contact onlinesupport@stoneway.com.
